A dash means the model is not included in that base room selection. Refer to the relevant classroom brochure for selected sizes, layouts and separate scope.

Indoor & Outdoor Furniture | Classrooms | Libraries | Reading Spaces

01 / INDOOR & OUTDOOR FURNITURE

We supply indoor and outdoor furniture for schools and childcare centres. Indoor furniture is pictured here. Outdoor selections and specifications are confirmed for your location and intended use.

02 / THE CURRENT PRODUCT COLLECTION

This selection contains 67 furniture models, including the new circular reading sofa modules and large library bookcase. It is a selected collection from the manufacturer catalogue.

03 / PRODUCT SPECIFICATIONS

Factory models and supplier images identify each product. Confirm exact sizes, materials, finishes, upholstery and included parts in the written quotation. Printed size variants are separate options; a height range alone does not establish an adjustment mechanism.

04 / COMPLETE YOUR ROOM BRIEF

Use the Preschool Classrooms and Montessori Classrooms brochures for proposed room selections and Library chapters. Base classroom totals exclude the new library furniture. The Infant 10 brief is shared, not two separate orders.

05 / CARE EQUIPMENT & SEPARATE SCOPE

CR-010 / factory 82092 nap cots are selected at 140 x 58 x 20 cm in the room plans. They are not infant cribs. Infant sleep and feeding equipment, site fixtures, plumbing, learning materials and display props remain separate.

06 / QUOTATIONS & EXISTING PRICES

This unpriced list does not revise an existing quotation. Compare prior selections using factory models and written specifications. Delivery and installation are included only when expressly listed.
